CTV Wet/Dry Series Tank Vacuum

CTV™ SERIES WET/DRY TANK VACUUMS

BUILT TO BE A WORKHORSE

Designed For Dependability

- Solid steel frame and carriage support the 15 or 20 Gal. tanks
- Large 10" wheels for easy transport (15 & 20 Gal. units)
- 4 stage filtration features a double layer filter element for wet or dry use
- Mechanical float overfill protection
- One or two stage bypass motors

Designed For Performance

- Powerful at 95 inches of lift and 110 CFM air flow
- 50 feet of 3 conductor 16 gauge power cable for extended work range
- 15 feet of super tough hose with swivel increases maximum work radius
- Easy empty rear tank drain
- Handy blower port with multi-fit hose connection provides added utility
- Standard tool set includes 2 piece aluminum wand, squeegee, hard and soft floor tools
- Onboard tool basket, and cable/hose wrap keeps everything neat and close at hand

The CTV 15 & 20 Squeegee models come equipped with a foot activated squeegee that cleans a 28" path making quick work of large area liquid pick-up jobs. Operating in both forward and reverse direction, the CTV Squeegee models are ideal for floor stripper recovery or flood restoration applications.

A popular option for the CTV7 Auto Start is the electric powered floor wand, for use in dry carpet applications.

All CTV vacuums feature a superior 4 stage filtration system. First is a paper filter bag, next is a poly bag, followed by a two layer filter element.

The CTV's exclusive filter element is designed for "All Time Use" wet or dry.

Easy Access Blower Port For Added Utility

1300 Watts of Power - 110 CFM and 95 In. Lift (dual stage vacuum)

1200 Watts of Power - 120 CFM and 65 In. Lift (single stage vacuum)

Onboard Tool Basket and cable/hose wrap

Durable Crush Proof Hose

Easy Empty Rear Tank Drain

Large 10" Wheels For Easy Transport

Durable Easy To Clean Tanks Molded From Fiber Reinforced Polyester Resin

Guide Wheels Protect Facility Walls From Damage While Break Away Squeegee Prevents Machine Damage

28" Front Mount Foot Activated Squeegee (15 SQ and 20 SQ)

Hoses are easily changed from 1 1/4 inch curve nozzle to 1 1/2 inch hose cuff connection.

All CTV vacuums come complete with a full set of tools, at no extra cost. Tool set includes a two piece metal wand, durable crush proof hose, squeegee and bristle floor tools.

The optional hi-productivity tool set with 20" floor tools makes small work of the biggest jobs.

7, 15, & 20 Gallon Tank Vacuums

KEY FEATURES

- Available in 7, 15, or 20 gallon sizes
- Powerful 95 inches of water lift and 110 CFM (dual stage vacuum)
- Equipped with drain hose and blower port
- Front mounted foot activated squeegee (SQ models)
- Long reach 15 ft. vacuum hose and 50 ft. power cable
- Complete compliment of tools come standard

Optional Accessories Available							
Item 10484A - Wet/Dry 20" Kit - Includes Bristle Floor & Squeegee Tools, & 1 1/2" Button Lock 2 Piece Curved Wand							
Item 52699A - 20" (50.8cm) Bristle Floor Tool							
Item 52851A - 20" (50.8cm) Double Blade Squeegee Tool							
Item 52852A - 1 1/2" (3.8cm) Button Lock 2 Piece Curved Wand							
Item 40181 - HEPA Filter Element, DOP Tested Filter Construction							
Item 100059 - 12" (30.5cm) Electric Power Floor Wand - 1/4 Horsepower Motor Fits CTV 7 AS (Dry Use Only)							

WHAT MAKES IT EASY TO USE?

- Long cable and vacuum hose reduce effort
- On board tool caddy and hose/cable wrap
- Foot activated front mount squeegee (opt.)
- Portable, easy to transport and maneuver
- Easy operation and convenient controls

WHAT ENHANCES ITS PRODUCTIVITY?

- A complete one pass operation cleaning system
- Complete with hard and soft floor tool accessories standard
- 50 feet of electrical cable reduces down time
- 15 feet of hose increases maximum work area

WHAT ADDS TO ITS DURABILITY?

- Full body steel undercarriage and handles
- Non-corrosive fiber reinforced polyester resin tanks
- Clean air bypass cools the vacuum motor
- Four stage filtration cleans air before it enters the motor
- Super strong crush proof hose
